EXECUTIVE SESSION

The next item on the agenda is attorney consultation. This item may be discussed in an executive session. The legal authority for closing this portion of the meeting is North Dakota Century Code Sections 44-04-19.1 and 44-04-19.2. The topic or purpose of this executive session is attorney consultation for legal advice pertaining to the Cory Hale Invoice/Potential Lawsuit.

At this time, a motion would be in order to discuss the next topic in executive session rather than in an open meeting. Motion made by Taylor, seconded by Weyrauch, to enter into executive session for attorney consultation. All present voted yes. Motion carried.

The executive session will be recorded and all members of the governing body are reminded to limit their discussion during the executive session to the announced topic. Any collective decision, collective commitment, or other final action by the governing body must occur after it reconvenes in an open meeting, unless final action is specifically required by law to be taken during the executive session.

The prohibition on taking final action during the executive session does not apply to providing guidance or instructions to our attorney or negotiator.

We will now ask the members of the public who are attending the meeting to leave the room. We anticipate adjourning the executive session, and reconvening the open portion of the meeting, at approximately 7:35 P.M.

The minutes will show that the executive session began at 7:07 P.M. and was attended by Mayor Ranum, Council Members LeRohl, Weyrauch, Taylor, Jarmin, Littlecreek and Hysjulien and City Attorney Sandberg.

FURTHER DISCUSSION/CORY HALE

City Attorney Sandberg commented there has been concerns by the staff at City Hall about getting harassed by Cory Hale. City Attorney Sandberg stated there are options that can be given to individual staff members to get a restraining order if need be and it would be up to the Council if they want Pringle & Herigstad to represent staff members.

Motion made by Hysjulien, seconded by LeRohl, to approve Pringle & Herigstad Law Firm to apply for a restraining order against Cory Hale on behalf of all City employees. ON ROLL CALL VOTE, the following Council Members voted "AYE": LeRohl, Weyrauch, Taylor, Jarmin and Hysjulien; and no "NAYS". Council Member Littlecreek abstained from voting. Motion carried.

ANNEX EXCLUSION – JOHN RIAN PHASE 4 & 5

Ashleigh Collins & Shanel Effertz, Realtors for the John Rian Addition, met with the Council to discuss platted land referred to as John Rian Addition Phase 4 & 5. The subdivision plats were recorded in 2012. Realtor Collins commented that these subdivisions will not be developed, and they are asking assistance to be able to vacate the plat and/or exclude the annexed area from the City. There are potential buyers for property in Phase 4 & 5 if they could acquire acreage and be allowed to construct a gravel driveway versus pavement to their house. Council Member Hysjulien stated the City will not be responsible for the infrastructure (sewer, water, street, etc.) in Phase 4 & 5. The City has already invested in the John Rian properties; Council Member Hysjulien commented that the investor took the risk and now wants the City to relieve them again. Realtor Collins stated they are not asking the City for anything in Phase 4 & 5, they are just wanting to make the property attractive for one house without being cost prohibited. Realtor Collins commented that the estimated cost of 200' of paved street is \$300K. Mayor Ranum felt it would be a disservice to the City if this property were unannexed from the City. City Attorney Sandberg stated that the property cannot be unannexed from the City under 40-51.2-04 of the ND Century Code. There is an avenue to vacate, and City Attorney Sandberg recommended the owners contact their attorney regarding this process. Brief discussion was held on whether the City would allow for a gravel road. Mayor Ranum suggested submitting proposed plans for the Council's consideration.

ND ENERGY SERVICES – PURCHASE WATER FROM STANLEY RESERVOIR

Phil Olson with ND Energy Services met with the Council to discuss the possibility of purchasing water from the Stanley Reservoir from the City of Stanley's Conditional Water Permit No. 7025A. Mr. Olson indicated the company would like to use approximately 750,000-800,000 barrels of water starting in March; the project would be completed in 30-60 days. The pump would be in the NW¼ of Section 33 south of the Little Knife Reservoir. The company is proposing to pay \$.25 per barrel. Council Member Hysjulien commented the road between Section 32 & 33 is closed and the company will need to find alternative access to the property. The City Council was receptive to this request but would like to review the terms of usage of a temporary right-of-way agreement and a water purchase agreement before acting. The terms should include the fact that the company is responsible for any damage incurred and for reclamation of the site. A special meeting will be called once proposed contracts are in place due to the urgency of the request.

There were no bids received for the purchase of the John Rian properties advertised for sale in the January 7 & 14, 2026 issues of the official newspaper.

The Council reviewed the offer letter from Everest Infrastructure Partners to acquire an easement of the water tank space owned by the City of Stanley. Verizon currently pays the City of Stanley a monthly rent of \$1,825.05. Council Member Hysjulien mentioned this could prohibit use for use of tower for emergency services, potentially costing the taxpayer more money for tower use.
